Zekelman Industries Essential Business Designation

Re: Company letter certifying that our business is exempt from “shelter in place” restrictions for work & travel

To whom it may concern:

Functioning critical infrastructure is imperative during the response to the COVID-19 emergency for both public health and safety as well as community well-being. Certain critical infrastructure industries have a special responsibility in these times to continue operations.

As defined by the U.S. Department of Homeland Security, Cybersecurity and Infrastructure Security Agency (CISA) Zekelman Industries and its subsidiaries, Atlas Tube, Wheatland Tube, Western Tube, Sharon Tube, Picoma and Z Modular are designated critical manufacturing.

CRITICAL MANUFACTURING

•Workers necessary for the manufacturing of materials and products needed for medical supply chains, transportation, energy, communications, food and agriculture, chemical manufacturing, nuclear facilities, the operation of dams, water and wastewater treatment, emergency services, and the defense industrial base

www.cisa.gov

As the largest Steel processor of Pipe and Tubing in North America, Zekelman Industries has determined that our business is exempt from the “Shelter in place” restrictions. Our steel products are used in critical infrastructure throughout the supply chain including but not limited to construction, energy, electrical power, security, transportation, and national defense.
