Subject: Coronavirus Disease 2019 (COVID-19) Impacts

Dear Valued Encore Wire Customers and Partners,

We wanted to update you on the status of our operations given the coronavirus disease 2019 (COVID-19). We are maintaining our focus on business continuity and have contingency plans in place to ensure ongoing supply of product. To date, we have not experienced any supply chain disruptions but have taken the precautionary decision to increase raw material stocking levels should a disruption occur in the coming weeks or months. Additionally, we have implemented measures and controls to mitigate any risks posed by transport and logistics movements into our sites while ensuring no impact to order fill rates.

We will continue to monitor the situation and update you on any changes. Please contact your local Encore Wire sales representative should you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Kevin M. Heffernan".

Kevin M. Heffernan

Vice President of Sales

Encore Wire Corporation

1329 Millwood Rd.
